

# IPEC Limited

## Manufacturing Technician

**Job Type:** Full-time, Permanent

**Location:** Office based, Stockport SK1

**Education Level:** Relevant vocational qualification or equivalent work experience

**Salary:** 25,000-28,000 p.a

### Company Information

[www.ipec.co.uk](http://www.ipec.co.uk)

IPEC are experts in On-line Partial Discharge (PD) testing of MV and HV equipment. Through intensive and ongoing research and development IPEC have enabled the detection, location, and analysis of PD to be economically implemented on a large scale, improving network reliability.

Based in Stockport, Greater Manchester, IPEC offer turnkey solutions for asset monitoring and testing of high voltage insulation for defects that could lead to asset failure. Our products range from simple to use instruments for routine spot testing, to sophisticated permanently installed systems.

### The Role

We are seeking an experienced **Manufacturing Technician** to join our dynamic team. This is a multi-skilled manufacturing role involving:

- Assembly and test of electronic, electrical, and mechanical products.
- Manufacturing of cable assemblies and harnesses.
- Using manufacturing tools such as wire cutters, strippers and crimping tools, screw drivers, soldering irons, hand drills etc.
- Following standard operating procedures, ensuring consistency and quality of our manufactured products
- Working with the manufacturing team in various support activities, such as picking, packing and movement of stock within the warehouse.

### The Right Person

The ideal candidate will be experienced in manufacturing and operations and be comfortable working in a hands-on role. They will have a positive attitude working in both a high-volume production line, with repetitive operations, as well as working on small volume custom solutions.

### Terms

**Contract:** Permanent

**Hours:** 37.5 hours per week

**Location:** Stockport, Greater Manchester

**Salary:** Dependant on experience

**Benefits:** Include Company pension plan, flexible working, and 25 days annual leave pro rata, plus bank holidays.

## Applications

Interested candidates should apply in writing to [jobs@ipec.co.uk](mailto:jobs@ipec.co.uk). Applications should include:

- A comprehensive and up-to-date CV.
- A covering email summarising your interest in the post and demonstrating your ability to match the criteria outlined.
- Details of your current salary and notice period.
